Role of Board members

to represent ALL the community

to be upstanding citizens & role models

Politics is about people

& character

Michael Williams has made it about Adele White & Jim Donald

old saying:

We each get the reputations we deserve - eventually

At what point should Michael Williams resign or be asked to step down?

given the news in yesterday's NZ Herald that he faces Drunk driving charges and a charge of failing to accompany a police officer — innocent until proven guilty but these charges bring shame to the Howick Local Board and the community — he should step down until the matter is resolved.

Michael Williams's style

shabby treatment of Adele White.
autocratic, divisive, arrogant - a 'Caesar complex'

Steve Udy says 'we have to live with it' — I say NO WE DON'T

Mr Williams has disgraced the Howick Community

7 days required for notice of motion to have him stand down as chairman - but can we invite him TONIGHT to stand down as he invited Ms White to stand aside?

Do we want to be represented by him?

An issue of character

If anyone should stand aside it is Michael Williams

Observed Mr Donald's chairmanship of Howick Community Board at a time of great divisiveness — not aided by his attitude toward local Maori in our community

Jim Donald

NOT a person who strikes me as representative of the Howick Community today — new migrants

Jim Donald is a man for the past of Howick — The Fencibles, the British settlers, — not the bi-partisan or multi-cultural present

cited by Mr Williams in his letter

frictions, "full-brown maize" conspiracy theory

I don't regard him as a suitable replacement for Howick Local Board chairman

which deputy should be

Janilee Matanga Ross

Adele White

not a deputy's role to always agree with a chairman

always seen her as honest

If it's not an exaggeration, I take great comfort in Mr Williams' public statement that Adele White is "OFTEN diametrically opposed on the direction" of the Maori Affairs portfolio.

I was at the Garden of Memories with my wife and young son when Mr Williams and Mr Donald and Mr Collings and Mr Udy gatecrashed a multi-denominational blessing service for the whare in the Garden of Memories

To my mind that disgraceful RACIST stunt and their stupid declaration of independence from Manukau City Council over plans to rebuild a community owned building which had been destroyed by arson showed a fundamental lack of judgement, and lack of empathy with local people who aren't like them
